

DIFFERENTIATED INSTRUCTION

Are you a principal, teacher or parent of a student in form 3 or form 4 in Kenya ?

Do you know that 8.4.4 system of Education is being retired

Does your school have fat tail with grades of Es and Ds in Mathematics, Chemistry, Physics, Biology, Kiswahili, English etc?

If your answer to the above questions is YES

Then **1 hour free session for training of your teachers and students** on how to implement DIFFERENTIATED INSTRUCTION using KISWATE Digital Register is for you. We are currently developing AI empowered grading tool to offload teachers too much work while grading home work.

From June 29 – August 1, 2026, Pius Oyugi Odhiambo, a Distinguished Differentiated Instruction Expert from the State of Maryland, United States will be going round the country to sensitize teachers and principals on how his innovative Digital Register can be used to reduce the number of Es and Ds in Mathematics.

He is a TSC registered Maths/Physics teacher with Teachers Service Commission of Kenya and licensed Maths Teacher with the State Department of Education in the State of Maryland, USA. He has taught Mathematics for over 14 years in both Kenya and USA.

Pius Odhiambo

Algebra 1 Teacher

ParkDale High School, MD, USA

Enthusiastic Mathematics Teacher with a track record of inspiring students through engaging and effective instruction! With extensive experience in teaching both Mathematics and Physics, I've made learning enjoyable and meaningful for high school students. My hands-on approach and interactive lessons have always kept students motivated and excited about their education. I'm passionate about developing creative lesson plans that can cater to different learning needs, while actively involving parents in their children's education. Looking forward to making a positive impact at a vibrant school community! With the innovation of KISWATE Digital Register, Giving feedback on real time basis to parents using Differentiated Instruction has made it very easy to involve parents in the intervention measures on eradication of low quality grades in Mathematics and Science subjects

MODE OF INSTRUCTION : VIA ZOOM
